Summary

Aspiring web developer with a Diploma in Web Development and practical experience in web development. Proficient in PHP, MySQL, and frontend technologies. Seeking an internship opportunity to apply theoretical knowledge, develop practical skills, and contribute to a dynamic team. Proven ability to learn quickly and adapt to new technologies.

Professional Experience

WordPress Developer Intern – Startitup

Jan 2025 – Jul 2025

- Managed content updates and optimized website performance for the main corporate website using WordPress, ensuring a seamless user experience.
- Contributed to the development and management of over 6 websites, including e-commerce platforms and corporate sites, enhancing their functionality and user experience.
- Streamlined product listings for multiple e-commerce platforms (e.g., arezona.co.uk, tehseencollection.pk, homeimprovement.co.uk), reducing update turnaround time by 40%.
- Developed a fitness client's website (dev-movementlab.pantheonsite.io) using Salient Theme, implementing custom layouts, booking systems, and ensuring mobile responsiveness across devices.

UI/UX Intern – NUEXUS

Nov 2024 – Feb 2025

- Designed user interfaces for a mobile Food app, creating detailed wireframes, mockups, and interactive prototypes using Figma.
- Participated in user research activities, including user interviews and surveys, to inform design decisions.

Education

Aptech – Sindh Education Foundation, Karachi, Sindh

Jan 2024

Diploma in Web Development

1 Year program (2023 - 2024)

Iqra University

BS Computer Science
